🔗 Leetcode

## Education

**B.Tech. in Mechanical engineering**, *Government College of Engineering* 08/2019 – 07/2023  
I successfully completed my Bachelor of Technology in Mechanical Engineering, graduating with a CGPA of **8.32**.  
Bhawanipatna, India

## Projects

### Weather Checking Website

- Developed a weather-checking website using **JavaScript**, **REST API**, **HTML**, and **CSS**.
- Allowed users to retrieve real-time weather data based on location input.
- Utilized JavaScript to dynamically update the UI and fetch data from the REST API.
- Designed the user interface using HTML and CSS to ensure a user-friendly experience.

### Billing Software, (MVC Architecture)

- Currently working on a billing software project following the Model-View-Controller (**MVC**) architecture.
- Technologies used include **Servlets & JSP**, **HTML**, **CSS**, and **Bootstrap**.
- Responsible for designing and implementing the MVC structure for efficient data management and user interface.
- Focusing on user-friendly design and seamless data processing for billing and invoicing.

## Courses

**Java Full Stack**, *Pankaj Sir Academy* 07/2023 – present  
Bengaluru

- Java Full Stack Development Course
- Currently enrolled in a comprehensive Java Full Stack Development course.
- Learning key technologies and tools for both front-end and back-end web development.
- Gaining proficiency in Java, Servlets, HTML, CSS, and Bootstrap for building dynamic web applications.

## Awards

**First Rank in Robotics Event**, *NIT Rourkela* 02/04/2022  
Designed and built a line-following robot for a competition organized by **Innovision, NIT Rourkela**.  
Demonstrated exceptional problem-solving and engineering skills.

## Skills

**Programming Languages** (Java, Python, C++, Javascript)

**OOPs**

**Web Development** (HTML, CSS, Bootstrap, Javascript, React)

**DBMS** (MySQL)

## Interests

- Robotics
- Dancing
- Leadership
